Sir:

Applicant, through his attorney, hereby petitions the Commissioner of Patents to withdraw the holding of abandonment in the subject application. No fee is believed to be due since the error is that of the Patent and Trademark Office, however; should a fee be required, please charge same to the Deposit Account of Texas Instruments Incorporated, Account No. 20-0668.

The facts are that an Office communication was mailed by the U.S. Patent and Trademark Office on April 17, 2003, and was received on April 22, 2003. A response to said Office communication was due on July 17, 2003. Subsequently, a response was mailed on June 13, 2003. A copy of the response and the return receipt post card, which is stamped as being received on June 16, 2003, is attached. Applicant received no response from the U.S. Patent and Trademark Office other than the Notice of Abandonment which was mailed on December 11, 2003.

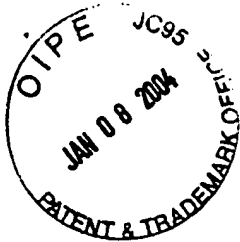

In view of the above facts, it is clear that the response was timely filed. Accordingly, it is requested that the notice of abandonment be withdrawn and that the application be further examined and allowed.

Respectfully submitted,

April M. Mosby
Attorney for Applicant(s)
